

**Learn To Lead Academy**

# **MathXcellence Summer Bootcamp**

**30-Day Mathematics Confidence Program**

Speed Maths • Logical Thinking • Olympiad Foundations

Classes 4 – 9 | 30 Days | Limited Seats

## About the Summer Bootcamp

The MathXcellence Summer Bootcamp is designed to transform a student's relationship with mathematics. Over 30 days, students build strong number confidence, learn powerful speed-math techniques, develop logical reasoning skills, and get early exposure to Olympiad-style problem solving.

**Duration:** 30 Days

**Session Duration:** 60–90 minutes per day

**Target Students:** Classes 4 – 9

**Mode:** Offline / Online

## Program Structure

Week	Focus Area	Key Learning Topics
Week 1	Number Confidence	Number Sense, Speed Addition, Speed Subtraction, Multiplication Tricks, Squares & Pattern Recognition
Week 2	Speed Techniques	Division Tricks, Fractions, Percentages, Ratios, Averages, Mixed Speed Maths Practice
Week 3	Problem Solving	Number Puzzles, Logical Reasoning, Word Problems, Time & Work, Speed & Distance
Week 4	Olympiad Thinking	Number Theory Basics, Pattern Recognition, Algebra Thinking, Geometry Puzzles, Olympiad Questions

## **Student Benefits**

- Build strong number confidence
- Improve calculation speed dramatically
- Develop logical reasoning skills
- Learn engaging mathematical puzzles
- Get exposure to Olympiad-style thinking

## **Student Deliverables**

- Speed Maths Practice Worksheets
- Puzzle Challenge Sheets
- Weekly Assessments
- Certificate of Completion

## **Give Your Child a Mathematical Advantage!**
